| Product Description | Power Beam Emergency LED Twin Spot, Self-test | |
|---|---|---|
| Description | Power Beam Emergency LED Twin Spot, 2x500lm, IP65 | |
| Input Voltage | 220-240V | |
| Total Wattage | 4.2W (Charging mode) 9W (Discharge mode) | |
| Luminaire Lumens | 1000lm | |
| Lumens P/Watt | 110lm/W | |
| LED Chips | 2835 | |
| LED Forward Voltage / Current | (2.8V-3.4V) / 150mA | |
| LED Chip Lifetime (L70) | 36,000h | |
| CCT / CRI / SDCM | 6500K / >80 / <6 | |
| Driver | Seatronic | |
| Power Factor | 0.4 | |
| Running Current | 60mA | |
| Inrush Current | 4.2A 100us | |
| Sensor / PIR | N/A | |
| Emergency Converter | N/A | |
| Emergency Duration | 3 hours | |
| Emergency Lumens | 1139lm | |
| Battery | LiFePO4 6.4V 6600mAh | |
| Material / Finish (RAL) | PC / White RAL9003 | |
| Class / IP / IK | Class II / IP65 / IK07 | |
| Beam Angle | 120° | |
| Glow Wire Testing (TP rating) | 850℃ | |
| Installation Method | Wall mounting | |
| Temperature | 5℃~45℃ | |
| Warranty | 4 years (Battery 2 years) | |
| Certificates | CE | |
